Are run by every woman who has household cares. It is so easy just to run out of the warm house into the fresh air, to pin a piece of lace to the clothes line. It is also easy to take cold in doing so. Then perhaps comes suppression and kindred evils. Whenever there is any disturbance of the normal womanly function Dr. Pierce's Favorite Prescription may be relied upon to re-establish perfect health. There is no other medicine prepared especially for the peculiar ailments of women which can be relied on with such certainty of instant help and ultimate healing as can Dr. Pierce's Favorite Prescription. Its effects on weak and worn out women have been characterized as "marvelous" and wonderful by women given up by doctors who have found perfect and permanent healing in "Favorite Prescription." It regulates the womanly functions, dries debilitating drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"Favorite Prescription" is strictly a temperance medicine, containing no alcohol or whisky, neither opium, cocaine nor other narcotic. Do not allow any dealer to impose on you with a substitute medicine claimed to be "just as good." A medicine which claims to be only "just as good" and no better than Dr. Pierce's offers no inducement to you to turn aside from a remedy with a world-wide reputation for its complete cures of woman's peculiar ills. Ask for "Favorite Prescription" and get it.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

## A Woman's Guarantee.

"Several years ago I suffered severely from female weakness, prolapsus and menorrhagia, and used 'Favorite Prescription' with splendid effect," writes Fannie Shelton, of Washington, Iowa. "Glad I have not needed it for a few years past but if I should have a return of the old trouble would surely try 'Favorite Prescription.' I have recommended it to a number of my lady friends. I always tell them to try a bottle and if they are not benefited by it I will pay for the medicine. In every case they have spoken in praise of it."

Great is science! The Department of Agriculture, in a report on "Mosquitoes of the United States," says the malarial mosquitoes stand on their heads when resting. The average person who finds a mosquito resting, whether standing on his head or feet, would have killed him without this valuable information.

That our business with Hawaii has recently increased since annexation is plain, but the act of Congress extending the shipping laws to the islands on the same basis as our states and made it impossible to get the figures showing the extent of our commerce with them.

If the political liar could be eliminated from our campaigns, it would be a long step towards cleaner politics. The man who lies to obtain a business end gets the contempt of all respectable persons. Why shouldn't the same rule hold good in politics?

## Driscoll Mill.

Aug. 30.—The Driscoll brothers placed their planer under the shed last Saturday; they are cutting lumber right along and will soon be dressing it.

We enjoyed a visit to the country at Mr. Fason's last Sunday, and had an old fashioned sliced potatoe pie for dinner.

We enjoyed the meeting at Trinity very much, but we can't help but take notice to the repeated question, why is it that we cant have the revivals that we used to have in the happy gone by days? Well, now, suppose we just lay aside all of our formality and pride. Go back and preach the old fashion gospel in its purity, and sing the old fashion songs that our father's and mother's used to sing, and oh, how they did make our hearts burn within us. Such songs as, "Children of the Heavenly King," "How firm a Foundation," "Ye Saints of the Lord," and "Jesus Lover of my Soul." Now suppose we try this plan and see if God is not the same God that he has ever been, and let us try and see if the fault is not in us. We know that it is a dark time in our religious life, but let us remember that there is never a day so sunny but a little cloud appears; there is never a life so happy but it has its time of cares; but there is always a guide to point us to the little wicket gate, and the angels will be nearer to the soul that is devoted.

GOOBER GRABBLER.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally, in doses from 10 drops to a full ounce, directly into the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The Richmond, Va., News makes this plea:

Can't the decent public sentiment of this country make itself felt so as to call some kind of halt to the cartoonmakers and editorial writers of the yellow newspapers on both sides? We have on the two leading tickets four respectable citizens, men of pure lives and good standing, all of them gentlemen. Because they have been nominated for the highest offices on earth they are exposed to the insults of all kinds of irresponsible blackguards. Mr. Bryan is represented as a fool with a cap and bells and a confidence man and Mr. McKinley as a puppet of trusts and Mark Hanna, and the vice presidential nominees are insulted by similar libels. With decent men nominated on both sides why cannot we have a decent campaign appealing to the sense of decent people.

# HAIR

So many persons have hair that is stubborn and dull. It won't grow.

# HELP

What's the reason? Hair needs help just as anything else does at times. The roots require feeding. When hair stops growing it loses its luster. It looks dead.

acts almost instantly on such hair. It awakens new life in the hair bulbs. The effect is astonishing. Your hair grows, becomes thicker, and all dandruff is removed. And the original color of early life is restored to faded or gray hair. This is always the case.

"I have used Ayer's Hair Vigor, and am really astonished at the good it has done in keeping my hair from coming out. It is the best tonic I have tried, and I shall continue to recommend it to my friends."

It is proposed in England to substitute papier mache for officers' messes, canteens, etc., in home camps, which are always at the mercy of high winds. The price of a building, well lighted and ventilated and draught proof is \$1,050, while the fittings bring up the cost to \$1,350. In each hut ten men sleep, take their food, and in wet weather enjoy their indoor recreation without overcrowding. The huts are designed to suit all weathers. They can be built in three hours and taken to pieces in half the time.

They look like DeWitt's but instead of the all healing witch hazel they all contain ingredients liable to irritate the skin and cause blood poisoning. ## Traveled Far to Marry.

Special—Buenos Ayres.—Miss Faith Ripley, of Minneapolis and Howard G. Atterbury, a prominent young business man of this city were married here. There is a touch of romance in the affair, as the bride has made a journey of over 15,000 miles for the wedding. Mr. Atterbury found that his business interests would not allow him to return to the States for any definite length of time, and his fiancée readily consented to make the journey.
